## Terms and Conditions

-Participants must be active members of Better World Club to earn and/or redeem points.

**-All Good Car-ma points accrued to a membership account will expire after that membership is inactive for more than 60 days.**

-Good Car-ma points will accrue to members in association with their membership numbers. Actions by both primary and associate members will earn points toward the point total for their shared membership number. Both primary and associate members will be eligible to redeem points from the total points accrued to their shared member number for rewards.

-Good Car-ma points cannot be combined with cash or with another member's points.

-To earn Good Car-ma points for making travel reservations, members must make those reservations through the booking engine at Better World Club's public website.

-Good Car-ma points will expire if not redeemed within 6 years from the date on which they were applied to a membership account, unless forfeited or cancelled at an earlier time due to membership inactivity or otherwise in accordance with these Terms and Conditions.

-Good Car-ma points may take up to 8 weeks to be applied to a membership account as certain point earning actions are done through a third party, resulting in a delay in the receipt of those records by Better World Club.

-If Good Car-ma points are earned and not applied to an active membership account (certain points may take up to 8 weeks to be applied), the primary member on that account may submit a **Missing Car-ma** request within 90 days of the point earning action to request redress.

-Better World Club reserves the right to make changes to the Good Car-ma Program, add or remove reward items, or to cancel the program at any time.
